Dear Mr. Brown:

Thank you for your letter of January 28, 1990 concerning your report to the United Nations about people being disabled by pollution.

You will know, I'm sure, that the Ministry of Health established a Committee on Environmental Hypersensitivity Disorders which published a report (the Thompson Report) in August 1985.

Since the matter of human disability falls under the mandate of the Ministry of Health, I am taking the liberty of forwarding your letter to them for consideration.

Yours sincerely,
